

The Atomic Spectroscopy Group from NIST

Partner contact person : [Dr. Yuri Ralchenko](#)

Where high quality evaluated data are available in the Atomic Spectroscopic Database (evaluation by a dedicated group of specialists) and where the scientist in charge in our contract (**Dr. Yuri Ralchenko**) is a specialist on development of standards for atomic and molecular data and has a long-lasting collaboration with CNRS (LPMAA/LERMA) on XML schema for atomic and molecular data. This XML schema will be extended within the activities of JRA1.

Resources linked to CNRS will support this external partner.
